PO BOX 8907, HARLOW. CM20 3WU - Tel: 07986 030 145

**** We pay £100 per day ****

Dear Landowner,

RallyUK MDC is a small Metal Detecting Club and we are looking for land in your area. We have a total of 63 members, and the average numbers that attend our digs are between 17 & 30.

All of our Members are Fully Insured with Civil Liability Insurance, up to £5 Million, as agreed with the NFU, under Policy No: RTT242410/IML001098 written by Royal Sun Alliance & InsureSport Mutual LTD.

Having an Organised Club on your land can stop people from unlawfully detecting on it. In most of these cases, the unlawful detectorists will not return once an Organised Club has got permission, as the area gets better coverage during daylight hours, and they find it unbeneficial to return during the night again.

We do have other sites spread across the county of Essex & Hertfordshire.

If you have land in excess of 200 acres, you could potentially earn several £100's by dividing up the search area, thus allowing more visits.

Should you have several hundred acres available at the same time, then you could potentially earn **£1000** by allowing a Weekend Rally. This requires more planning and we would need to discuss this fully with you.

After the initial visit, we may ask to return to your land again if the land is productive, this will be a mutual arrangement between us, and every consequent visit will earn you **£100**.

If any of this interests you, and you would like to have an informal chat, then please contact us.

Regards

C.Clarkson
